

Flyash brick and its making method

Patent number: CN1365955
Publication date: 2002-08-28
Inventor: CHEN QILU (CN); CHEN KEWEN (CN)
Applicant: CHEN QILU (CN)
Classification:
- **International:** C04B18/08; C04B28/18
- **European:**
Application number: CN20010103113 20010117
Priority number(s): CN20010103113 20010117

Abstract of CN1365955

A high-quality fly ash brick is prepared from fly ash, calcium hydroxide, aggregate and water in a certain mix proportion through preparing raw materials, mixing, stirring, plasticizing, mixing with filler, shaping, and curing; or grinding after stirring, calcining, cooling and then mixing with water or filler for hydrating reaction. Its advantages are high compressive strength and bending strength, and low cost.
